ISFAP Application Committee

Ikusasa Student Financial Aid Programme Foundation

17 Fricker Road, Illovo, Sandton, Gauteng, South Africa

Dear ISFAP Application Committee,

I am writing to express my sincere interest in being considered for financial aid through the Ikusasa Student Financial Aid Programme (ISFAP). As a final-year student currently pursuing a Diploma in ICT with a specialization in Business Analysis at the Durban University of Technology, I am passionate about technology and its potential to drive South Africa's growth and development in the 21st century. I believe ISFAP's support will enable me to focus entirely on my studies and help me build a successful career in an Occupation of High Demand, contributing to the country's economic progress.

Coming from a disadvantaged background, I am familiar with the financial challenges that students like myself face in accessing higher education. I am determined to rise above these challenges and, with your support, continue my academic journey to becoming a skilled professional who can contribute to South Africa's skills base in Information Technology. The support offered by ISFAP, including full university fees, accommodation, academic support, and life skills training, is exactly what I need to ensure my academic success and future employability.

My ultimate goal is to become a Business Analyst and help bridge the gap between technology and business processes, particularly in sectors that are critical to South Africa's development. I am confident that with ISFAP's support, I will be able to fully focus on my studies, enhance my skills, and eventually contribute to the growth and transformation of South Africa's ICT sector.

Thank you for considering my application. I am committed to working hard and making the most of this incredible opportunity if selected. I look forward to the possibility of joining ISFAP and receiving your support to achieve my academic and professional goals.

Yours sincerely,

Nokubonga Dladla
